It is a great time to be a Saint!

The 2016-2017 school year was one for the record books. We received national, state and regional awards and recognition for our educational innovation and commitment to academic excellence. It is a joy to share this information with you in our annual report. However, the real story of our success is more than our accolades. The true accomplishment is that we are creating saints!

We work joyfully to form the minds and hearts of our students in a faith-filled environment. We thoughtfully guide students in prayer and loving service to others by our example. Our social justice curriculum was highlighted this year when the Northeast Ohio Association of Fundraising Professionals presented the Youth Group in Philanthropy Award to our eighth grade Bank of Saints project. Our eighth grade saints studied microfinancing and invested money in small businesses around the world in an effort to help others break the cycle of poverty. Our student saints clearly understand the need to pray and work for justice.

We continue to manage our finances wisely and to care for our beautiful campus so that all families can afford for their children to learn and play here. We remain deeply thankful to the Sisters of Charity of St. Augustine. We are proud to be partners with the Sisters in continuing their educational legacy.

We are grateful to all who make Lakewood Catholic Academy and our Holy Family Learning Center such remarkable places for children to grow in faith, hope and love. We are especially thankful for the generosity of all those listed in this report – true saints!

Thank you for being a valuable member of our school family and for believing in our mission.

Our work continues, because the work of a saint is never done.

Be a Saint!

President

INTERNATIONAL
BACCALAUREATE
WORLD SCHOOL

A WORLD OF OPPORTUNITY AWAITS . . .

Lakewood Catholic Academy is excited to be the first and only Catholic elementary school in Ohio to offer the International Baccalaureate Middle Years Program. The IB Program at LCA is a challenging framework that encourages students to make connections between their studies and the world in which they live.

IB learners strive to be inquirers, knowledgeable, thinkers, communicators, principled, open-minded, caring, risk-takers, balanced, and reflective. The program develops lifelong learners who think critically and creatively, collaborate effectively, and contribute to the worldwide community. IB educators incorporate high quality, internationally researched teaching practices and appreciate the diversity of all learners.

The Middle Years Program is considered the international gold standard of learning, and is present in 108 countries and over one thousand schools worldwide. LCA is proud to be a member of this impressive educational community. Through this partnership we educate the whole student, preparing today's young Saints to become tomorrow's global leaders.

NAMED A 2017 GREEN RIBBON SCHOOL

The U.S. Secretary of Education named Lakewood Catholic Academy a 2017 U.S. Department of Education Green Ribbon School.

LCA was nominated by the Ohio Department of Education and was the only school in the state recognized this year!

The aim of the U.S. Department of Education Green Ribbon Award is to inspire schools to strive for 21st century excellence, by highlighting promising practices and resources that all can employ. Across the country, 45 schools, nine districts, and nine postsecondary institutions were honored for their innovative efforts to reduce environmental impact and utility costs, improve health and wellness, and ensure effective sustainability education.

LCA President Brian Sinchak stated, "Lakewood Catholic Academy is proud to receive this national recognition, but more importantly, we are proud of our students and educators who are passionate about caring for God's creation in thoughtful and innovative ways."

"This award represents many years of hard work and dedication on the part of our faculty, students, and the LCA community. Everyone at LCA takes pride in being a Sainly Steward," Principal Brenna Warrell agreed.
