

Edmentum Login Instructions

1. Login at login.edmentum.com.
2. On the login screen, type the account login, which is “lca01.”

The image shows the Edmentum login page. At the top is the Edmentum logo. Below it is a white login form on a purple background. The form has four input fields: 'Account Login' (containing 'lca01'), 'User Name' (containing 'bwarrell'), 'Password' (containing seven dots), and a 'Forgot your password?' link. Below the fields is a green 'Log in to your Edmentum Account' button, followed by 'Self-Enrollment', 'Contact', and 'Help' buttons. At the bottom are links for 'Privacy Policy' and 'California Privacy Rights'. Below the form is an 'Announcements' section with text about scheduled maintenance on Saturdays and Sundays. A red arrow points from the top right towards the 'Account Login' field, and a red circle highlights the 'lca01' text in that field.

3. The username and password are the same as IXL and RAZ kids. Please note that Edmentum and RAZ kids do not use the “@lakewoodca” ending to the username.
4. Once logged in, students should click on the subject that they are practicing and complete activities on their learning path.
