

## **DAILY AT-HOME HEALTH SCREENING**

In an effort to keep others at LCA from getting sick, please use this health screening before bringing your child(ren) to school each day.

**1**

**Have you or anyone in your household had any of these symptoms over the past 7 days?**

- Body aches/muscle pain
- Chills
- Cough
- Diarrhea
- Fatigue
- Fever of 100° F or higher
- Headache (severe)
- Jaundice (yellowing of eyes or skin)
- New loss of taste or smell
- Shortness of breath/difficulty breathing
- Sore throat
- Vomiting
- Wounds or lesions

**2**

**Have you or anyone in your household been tested for COVID-19 due to symptoms or illness?**

- 
- If the answer to either of these questions is “yes,” you must stay at home and contact your doctor to determine if you or your child(ren) have an illness that can be transmitted to others. Based on your doctor’s advice, you or your child(ren) may need to be tested for COVID-19 or other communicable diseases.
  - If you or your child(ren) are confirmed as having a communicable disease, you will be excluded or restricted from LCA as required. You will be contacted by your local health department who will give you additional instructions.

**YOUR COOPERATION WILL KEEP ALL OF US SAFE. THANK YOU!**
