

COVID-19 Reporting Dashboard

New Positive Cases

We are all working hard to keep our school community safe and healthy. A key aspect of our COVID-19 communication plan is to provide families with actionable information in a timely manner. In addition to following the protocols we have outlined in our communication plan, we are providing this COVID Reporting Dashboard to track positive cases in our school community. This dashboard complies with the directives of the Ohio Department of Health and enables our families and staff to make informed choices regarding school attendance during this time.
